this year's show another
successful endeavor!**

The Farm-City Hub Club's Farm Show is the largest indoor farm show in south central Minnesota. The New Ulm Civic Center is transformed to showcase your products and services during the show.

The main exhibition area contains over 20,000 square feet of floor space. It's well suited for large crowds that can move smoothly through the aisles toward your display.

We're proud to sponsor a quality show that offers value to you as an exhibitor. Our goal is to connect buyers to sellers along with promoting the agriculture industry.

We have exhibitors and Hub Club members who have been an integral part of this endeavor since 1981. Make a positive decision by being part of this exceptional event in March 2019!

Since 1974, the Farm-City Hub Club mission has been to promote Agriculture and Agri-Business in the greater New Ulm Area. The Hub Club fosters the relationship between rural and urban community members. The agriculture industry is very important to the New Ulm trade area and is one of the leading employers in our community, as well as our state.
